

NEKOOSA HIGH SCHOOL

***CO-CURRICULAR
ACTIVITIES CODE***

2018-2019

I. Nekoosa High School Philosophy

The philosophy of Nekoosa High School is dedicated to the realization of the unique potential of each individual. Thus, the opportunity to acquire knowledge, skills, habits, attitudes, and understandings, which will enable the student to function as a responsible citizen in a changing world, will be provided.

II. Nekoosa High School Co-Curricular Philosophy

The aim and objective of our co-curricular program at Nekoosa High School is to provide the opportunity for Nekoosa High Students interested in co-curricular activities to develop their physical, mental, and social abilities, attitudes, and character while representing the school and community.

Co-curricular activities are an extension of the classroom and serve to enhance the motivation and experience of students. Co-curricular activities are an integral and valuable part of the students’ high school experience. The activities also develop positive values and attitudes that students will take with them their entire lives.

The pursuit of excellence requires exemplary preparation, presentation, and attitude. Advisors and Coaches shall nurture and guide students throughout the co-curricular experience. Students shall model commendable academic behavior, adhere to the attendance policy, and display exceptional conduct. These assurances will provide the foundation for accomplishment in all arenas.

III. Purpose

The purpose of the Nekoosa High School Co-Curricular Code of Conduct is to establish clear academic and behavioral expectations for students to follow if they choose to participate in co-curricular activities. Participation in co-curricular activities is a privilege, not a right.

IV. Co-Curricular Activities

Co-curricular activities are those voluntary activities that are school related. Activities that are a required part of a course and contribute to a student's grade for the course are not considered co-curricular activities. When determining the length of consequences, all suspensions resulting in fractions will be rounded up to the next closest whole number, as consistent with WIAA rules. As a courtesy to parents, students, and the school district, the Co-Curricular Code will be signed annually. It is enforceable and valid until the student graduates and is subject to change on an annual basis. If, by chance, the student and/or parents have not signed the code, the student is still bound by the provisions of the Co-Curricular Code. The following activities are covered by this code:

Group 1 - Athletics

Baseball	Basketball (Boys and Girls)	Cross Country	Football	Golf
Soccer	Softball	Track & Field (Boys and Girls)	Volleyball	Wrestling

Group 2 - Clubs/Organizations/Events

HOSA	Chess	Dance	FBLA
FCCLA	Field Trips (non-required)	Vocal Jazz Choir	Forensics
Homecoming Court	National Honor Society	Math League	Musical Performances (non-graded)
Plays	Prom Court	Student Council	Any other club or organization

Other Groups

Any other student group affiliated with Nekoosa School District that has an advisor or coach (selected/approved by administration) may be added to this list.

V. Academics

Students shall model academic excellence recognizing achievement in the classroom is essential to achievement in the co-curricular pursuit.

Academic eligibility will be based on both 2 week progress reports and quarter grades. Ineligibility based on progress reports can be regained as soon as the student has satisfied the requirements outlined below. Ineligibility based on quarter grades will result in an automatic 15 day period during which a student may not participate in any contests and must regain eligibility through the process outlined below.

Academic Eligibility:

1. Eligibility must be maintained throughout the season based on 2 week progress reports:
 - a. Teachers will update grades by 8:00pm on Mondays
 - b. Grade Checks will be printed on Tuesday by 3:00pm (1st and 3rd Tuesdays)
 - c. Students and coaches will be notified Wednesday
 - i. Ineligibility will begin Wednesday after school and continue until grades are up
 - d. Students must submit an eligibility form before competing in **contests** with current passing grades.
 - i. Teachers have the authority to sign-off if the current grade doesn't reflect a passing grade in Powerschool but the opinion of teacher is that they are passing the class.
 - e. Students would need to be actively working in all provided opportunities in order to **practice** by obtaining teacher/administrative signature(s).
2. Eligibility will also be based on quarter grades:
 - Eligibility for activities that commence on or before the first quarter of each new academic year shall be based on the fourth quarter of each previous academic year.
 - Second quarter eligibility is determined by the first quarter grades.
 - Third quarter eligibility is determined by the second quarter grades.
 - Fourth quarter eligibility is determined by the third quarter grades.
 - Eligibility concerning online or virtual classes is determined by the semester grade.
3. A student must maintain passing grades (60% D- or above) in all classes to remain eligible to participate in any co-curricular activity.
 - a. A student is not eligible to participate in any co-curricular activity for a period of 15 scheduled school (student contact) days following one or more failures at the time of quarter grades.
 - b. A student is not eligible to participate in any co-curricular practice unless they have participated in every intervention step available at NHS on the day of practice. The student may be required to get teacher/administrative signature(s) on a daily basis to participate in practices until their grade is passing.
 - c. When the earliest allowed competition/performance takes place before the first day of classes, the rule will read as follows: The minimum ineligibility period shall be the lesser of (1) 21 consecutive calendar days beginning with the date of earliest allowed competition in a sport or (2) one-third of the maximum number of competitions allowed in that sport/activity (rounded up if one-third results in a fraction).
*[Click here for the fall academic eligibility calendar from the WIAA](#)
 - d. When the earliest allowed competition/performance takes place before the first day of classes, a student is eligible to practice. This status may change if the student is failing a class after the 2 week progress reports have been evaluated.

**When a spring sport begins before the start of 4th quarter, the minimum ineligibility period shall be the lesser of (1) 21 consecutive calendar days beginning with the date of earliest allowed competition in a sport or (2) one-third of the maximum number of competitions allowed in that sport/activity (rounded up if one-third results in a fraction).*

- e. Ineligibility starts as soon as possible or no later than the 5th scheduled school day following the last day of the previous quarter.
 - f. A student who receives an **Incomplete** as a grade will be considered ineligible until it becomes a letter grade. If the grade turns into an F, the days already served for ineligibility will be counted towards the 15-day period.
 - g. Exceptional Educational Needs (EEN) student academic eligibility is based on the success of his or her academic plan (IEP).
4. To regain academic eligibility after being declared ineligible from quarter grades, a student must earn passing grades in all subjects after 15 scheduled school days and turn in an academic eligibility check sheet; he or she will be allowed to participate starting with the 16th day. If a student is failing one or more classes after 15 scheduled school days, or if a student fails to complete an eligibility check sheet, *he or she will remain ineligible for another 15 scheduled school days*. The student can be reinstated after the second 15-day period if he or she is passing all subjects and turns in an academic eligibility check sheet. If a student is failing one or more classes after the second 15 scheduled school days, or if a student fails to complete an eligibility check sheet, he or she will remain ineligible until the next grading period. Eligibility forms can be picked up and turned into the high school office. The Principal or Activities Director shall be the school official that declares a student eligible.
 5. A student receiving one or more failures at the time of progress/deficiency reports is required to submit to his or her coach and Activities Director a verification statement from the teacher indicating a passing grade. If the student can't meet the eligibility requirement, he or she is ineligible from further competition until passing marks are verified.
 6. The NHS Activities Director will notify a student who fails to meet the academic requirements of the NHS Co-Curricular Code. A follow-up letter will be sent to parents and coaches of a student failing to comply with the NHS Co-Curricular Code, explaining the violation and course of suspension.

** Although the NHS Activities Director will notify parents and coaches about an academically ineligible student athlete, it is highly recommended that each student work with his or her coaches, parents, and school administration during the first signs of academic struggles to avoid becoming academically ineligible.*

VI. Attendance

Students will adhere to the attendance policy to promote best practices on daily basis.

1. A student must be present for at least one/half of the school day (by the beginning of 4th hour) to participate in practice on that day (unless approved by an administrator).
2. A student must be present for the entire school day to participate in a scheduled contest/event/performance/activity on that day (unless approved by an administrator).
3. Unless there are extenuating circumstances (as determined by an administrator), a student is required to be in class the day after an athletic contest, competition, event, or performance. If he or she is not in school, the student will be ineligible for the next contest.
4. Unexcused Absences:
 - a. An unexcused absence of one or more class periods during a **Group 1** sport season makes a student ineligible for the next contest unless there are extenuating circumstances (as determined by an administrator).

- b. An unexcused absence of one or more class periods during the week of a **Group 2** activity makes a student ineligible for that week's activity unless there are extenuating circumstances (as determined by an administrator).

VII. Conduct

Students shall endeavor to display exceptional conduct, realizing demeanor is reflective of self, school, and community. Students need to know that participating in extracurricular activities is a privilege and not a right. Therefore, those representing NHS are held to a higher standard.

At all times, students shall refrain from conduct which violates the ideals, principles, and standards of NHS as set forth in this co-curricular code. Students violating the expectations may lose eligibility in co-curricular activities.

Ethical and behavioral ideals, principles, and standards include but are not limited to negative and/or illegal acts against persons or property and involvement in acts which are viewed as contrary to accepted ethical and legal standards.

General Guidelines for Conduct Violations:

1. Penalties will be cumulative over a two-year period. This is for determining second and third violation consequences. A student must have a clear record for two consecutive years before subsequent violations are considered a first violation.
2. For athletics, a student will be suspended based on WIAA games allowed guidelines, not games scheduled, which can be different depending upon the sports season. This includes WIAA playoff eligibility that states that if a student athlete is ineligible for the first game of post-season competition, he or she is ineligible for the remainder of the team's post season.
3. Scrimmages are not considered contests and will not count as part of a suspension but a student under suspension cannot participate in a scrimmage.
4. A student with a code violation will be required to practice with the group during the suspension.
5. A student who is in more than one co-curricular activity when a consequence for a code violation is applied will be subject to consequences for all activities he or she is currently participating in. (Example: A violation will occur in basketball and forensics, not one or the other.)
6. When a student misses a competition or performance during a season for a conduct code violation, he or she will be required to complete the season in good standing in order to fulfill the code violation obligation.
7. **If a student fails to provide accurate and truthful information, an additional period of suspension may be imposed.**
8. A student who transfers from any school with a status of ineligibility for disciplinary reasons retains such status at Nekoosa High School for the same period as decreed by the former school.

Major Code Violations:

1. Use, possession, buying, or selling drugs and/or look alike drugs.
2. Use, possession, buying, or selling alcohol.
3. Use, possession, buying, or selling tobacco products
4. Use, possession, buying, or selling electronic replicas, e-cigarettes or vaping devices
5. Criminal act as defined by state criminal laws, including but not limited to General Crime Provisions, Crimes Against Life and Bodily Security, Crimes Against Health and Public Safety, Crimes Against Reputation and Civil Liberties, Crimes Against Property, Crimes Against Sexual Morality, Crimes Against Government and its Administration, Crimes Against Public Peace, Order and other interests, and Crimes Against Children.
6. No student may engage in any form of hazing another student. Hazing is defined as the act of harassment by forcing (physically, morally, and/or mentally) someone to exact unnecessary or disagreeable work, to banter, to ridicule, or to criticize someone, or to initiate someone into an organization.
7. Engaging in or being an accomplice to any other immoral or unacceptable conduct contrary to the ideals, principles, and standards of Nekoosa High School or the WIAA, may be considered a major violation.

***School administration reserves the right to dismiss any student-athlete from future participation in any Nekoosa Co-Curricular event based on the severity of the Major Code Violation, thereby over-riding the following outlined consequences.**

Consequences of Major Code Violations for Athletics:

1. First Violation:
 - The student athlete will be suspended for 50% of a season's contests.
 - If the season's contests have already begun, the remaining percentage will be carried over to the next sport's season.
 - Possible reduction of suspension to 25% of the season, after the completion of 10 hours of school/community service, if the student athlete self-reports and/or is actively participating in the co-curricular code violation process.

5. Fourth Violation:

Student will be suspended for the remainder of his or her high school career.

**Special Note: Some activities have a limited number of contests or performances, or the role of a student in the activity may be unique, and a suspension from the activity may be impractical for the students involved in the activity. In those situations, the advisor and activities director will design appropriate sanctions. These may include 20 hours of school/community service or suspension from the next activity of a similar nature.*

**Special Note: All school/community service must be approved by a school administrator.*

The following is a list of representative minor infractions but is not a comprehensive list of all possible offenses. In each situation, the Nekoosa School District retains the right to consider the totality of the circumstances and render a judgment regarding (1) whether a particular action/inaction is an infraction under the code, (2) the degree (major/minor) of the violation, and (3) an appropriate penalty.

1. Failure to attend all practices and contests unless excused by the coach or advisor.
2. Failure to follow team rules/expectations designated by the coach or advisor. These rules will be distributed in writing to every participant. The coach or advisor will discuss these rules. Copies of these

- If the Activities Director/school administration concludes there is a co-curricular code violation, they will determine the consequences for the student, using the Co-Curricular Code as a guide.

- If the student is not satisfied with the consequence set forth, he or she may request a hearing before a panel. The Activities Director and/or Principal must receive, in writing, a request for such a hearing within 14 days of the mailing of the outcome. The student is ineligible until the conclusion of the panel hearing.

Appeal Process

- A panel consisting of a coach, advisor, teacher, Principal and/or Associate Principal, and Athletic Director will have a hearing with the involved student and his or her parent(s) to determine if there is a co-curricular code violation.

 - These proceedings will be put into writing and a copy of these proceedings will be mailed to the student and his/her parents within 5 business days of the hearing.

**FOR ATHLETICS ONLY: If the student and his/her parent(s) remain dissatisfied with the findings of the second hearing, a review by the Executive Office of the Wisconsin Interscholastic Athletic Association may be requested through the school. The Activities Director or Principal must receive in writing a request for such a review by the Executive Office of the WIAA within 14 days of the mailing of the outcome of the second hearing. The Activities Director or Principal, in forwarding the appeal letter of the student and his/her parents to the Executive Office of the WIAA, shall also enclose a copy of the (a) original appeal letter from the student and parent(s), (b) school's formal reply outlining violation or infraction leading to ineligibility status, and(c) proceedings of both hearings.*

WISCONSIN INTERSCHOLASTIC ATHLETIC ASSOCIATION ELIGIBILITY INFORMATION BULLETIN

Nekoosa High School is a member of the Wisconsin Interscholastic Athletic Association. The following rules and regulations are developed by the member schools of the WIAA and govern the participation by boys and girls in school athletics and in some instances, impact upon sports activities outside the school.

This information is a **summary** of the WIAA Eligibility Information Bulletin as it pertains to those rules and regulations in the WIAA Official Handbook. Both student-athletes and their parents should have an understanding of these requirements. Equally important is that student-athletes and/or parents talk to their principal or athletic director if they have any question about these regulations. For additional information on Rules of Eligibility see the WIAA Handbook, or visit the WIAA website at www.wiaawi.org.

Student-athletes and their parents should discuss all athletic eligibility related situations with the school principal or athletic director who, if necessary, will get a decision, interpretation, or opinion from the WIAA office.

These are WIAA eligibility rules, which are current for the **2018-2019 school year**:

AGE

A student shall be ineligible for interscholastic competition if he/she reaches his/her 19th birthday before August 1 of any given school year.

ACADEMICS

A student-athlete must meet school and DPI requirements defining a full-time student and have received no more than one failing grade (including incompletes) in the most recent school issued grade reporting period. *Note: Some member schools adopt code and academic policies and other participation requirements which are more stringent than WIAA minimum requirements. In those instances the schools requirements prevail and must be applied as written.*

ATTENDANCE

A student-athlete is eligible for interscholastic competition at a member school if he/she is carried on the attendance rolls as a duly enrolled full-time Grade 9, 10, 11 or 12 student in that member school. (Subject to satisfying all other eligibility requirements.)

Note: A full-time student is further defined as one where the member school is responsible for programming 100% of the student's school day. The student is eligible for like or similar awards, privileges and services as all the other students and meets all obligations and responsibilities as other students, without exception.

- a. A student must complete eligibility in the four consecutive years starting with Grade 9 and the three consecutive years starting with Grade 10, unless there are documented extenuating circumstances and a waiver has been provided.
- b. A student is ineligible if he/she has graduated from a school offering studies through Grade 12 or its equivalent.
- c. A student who graduated in May or June retains eligibility for (a) any portion of a spring athletic schedule not completed by the end of the academic year and (b) the school's summer athletic schedule.
- d. A student is ineligible if he/she has not been enrolled in some school by the 17th day of a semester or trimester, except upon request of a school in special cases involving sickness, accident, military service, social services assignment, e.g.
- e. A student-athlete may not participate in school sports in more than four different years, and a student-athlete may not participate in the same sport more than one season each school year.

DETERMINING RESIDENCE FOR PUBLIC SCHOOL STUDENTS

A full-time student, whether an adult or not, is eligible for varsity interscholastic competition only at the school within whose attendance boundaries his/her parents reside, within a given school district, with these additional provisions:

- a. Board of Education approved full-time student(s), paying their own tuition and residing full time with parents in their primary residence shall be afforded eligibility. Transfer students are subject to provisions outlined in the transfers section of this document and in the Senior High Handbook.
- b. The residence of a student's guardians shall determine eligibility in cases where both parents of a student are deceased. The execution of guardianship papers in situations where one or both parents are living does not by itself make a student eligible.
- c. In the event of a divorce or legal separation, whether pending or final, a student's residence at the beginning of the school year shall determine eligibility, except in situations involving transfer after the fourth consecutive semester following entry into grade 9. For the purpose of this rule, attendance at one day of school and/or attendance at one athletic practice shall determine 'beginning of school year.' Under this rule, a student who transfers after the beginning of the school year shall be ineligible at the new school unless approval is granted by the Board of Control in accordance with the transfer and/or waiver provisions as described in the WIAA HS Handbook.
- d. A student whose tuition is paid by the school within whose attendance boundaries parents reside or by the state and is enrolled in a district approved program may be eligible at either school (first priority to school of residence) but (a) may not participate at both schools in the same year and (b) academic ineligibility accompanies student upon transfer. Transfer restrictions may also apply.
- e. A student whose tuition is paid by the school within whose attendance boundaries parents reside or by the state or who is participating full time in a legislated open enrollment option must meet all statutory timeline requirements. This provision extends the opportunity to decline attendance at the new school and continue at his/her school of residence. If the student begins the school year at the new school and then transfers back to school of residence after attending one or more days of school or one or more athletic practices, he/she shall be subject to transfer provisions as outlined in the transfer Section of this document.
- f. A student may continue being eligible in the same school even though parent(s) and/or student move from within that school's attendance boundaries, provided enrollment is continuous (unbroken in that school).
- g. After a student-athlete has not participated and/or has had their eligibility restricted for one calendar year due to reasons relating to residence and/or transfer, he/she becomes eligible.
- h. A student-athlete will not be eligible if his/her attendance at a particular school resulted from undue influence (special consideration because of athletic ability) on the part of any person.

- i. A student-athlete who has been declared ineligible at a school for disciplinary reasons, academic reasons or due to another State Association's provision retains that ineligibility status if he/she transfers to another school.
- j. Except in situations involving transfer after a student's fourth consecutive semester, a full-time student whose residence in a given district and attendance at a member school does not conform with any of the provisions outlined above shall be eligible for non-varsity competition only, for one calendar year, unless a waiver is provided as outlined in the WIAAHS Handbook under Waivers. Transfer students are subject to transfer provisions as outlined in the transfer section of this document and in the Senior High Handbook.

DETERMINING RESIDENCE FOR NONPUBLIC SCHOOL STUDENTS

A full-time student, whether an adult or not, is eligible for varsity interscholastic competition only if the student is residing full time with parents in their primary residence with these additional provisions:

- a. In the event of a divorce or legal separation, whether pending or final, a student's residence at the beginning of the school year shall determine eligibility except in situations involving transfer after a student's fourth consecutive semester. For the purpose of this rule, attendance at one day of school and/or attendance at one athletic practice shall determine 'beginning of school year'. Under this rule, a student who transfers after the beginning of the school year shall be ineligible at the new school unless approval is granted by the Board of Control in accordance with the waiver provisions as described in the WIAA HS Handbook under Waivers. Transfer restrictions may also apply.
- b. Residing full time with guardians shall determine eligibility in cases where both parents of a student are deceased. The execution of guardianship papers in situations where one or both parents are living does not by itself make a student eligible.
- c. A student may continue being eligible in the same school even though parent(s) and/or student move from within that school's traditional attendance area, provided enrollment is continuous (unbroken in that school).
- d. A student who has been in attendance in a nonpublic, self-contained school (i.e. grades K-12 or 7-12) for a least one complete school year prior to reaching Grade 9 and has not broken enrollment during that time is eligible in that nonpublic school upon entering Grade 9.
- e. Except in situations involving mid-year transfer and/or transfer after the fourth consecutive semester students attending member residential schools shall be eligible at the member school provided they reside at the school or reside full time with parents in their primary residence.
- f. Except in situations involving transfer after a student's six consecutive semester, a full-time student attending a nonpublic school but not residing in accordance with any of the provisions outlined above shall be eligible for non-varsity competition only, for one calendar year, unless a waiver is provided as outlined in the WIAA HS Handbook under Waivers.

TRANSFERS

A full-time student may be afforded up to eight consecutive semesters of interscholastic eligibility upon entry into Grade 9. **Transferring schools at any time may result in restrictions being imposed on eligibility or in some cases a denial of eligibility.** For the purpose of this rule, attendance at one day of school and/or attendance at one athletic practice shall determine 'beginning of school year.' These additional provisions relate to transfer cases:

- a. A student who transfers from any school into a member school after the fourth consecutive semester following entry into Grade 9 shall be ineligible for practice and competition for one calendar year, unless the transfer is made necessary by a total change in residence by parent(s). The calendar year (365 days) will be determined from a student's first day of attendance at the new school.
- b. Open enrolled and/or tuition paying students entering 9th and/or 10th grade at the beginning of the school year and who are within the first four consecutive semesters of high school will be afforded unrestricted eligibility provided all other rules governing student eligibility are met.
- c. Open enrolled and/or tuition paying students entering 11th grade are restricted to nonvarsity opportunities for one calendar year.
- d. Open enrolled and/or tuition paying students entering 12th grade as transfer students are ineligible compete for one calendar year, but may practice

- e. 9th grade students who transfer after the beginning of the school year and with written consent from both schools directly involved may be provided non-varsity opportunities for the remainder of the school year. Restrictions are removed upon entering 10th grade.
- f. 10th or 11th grade students who transfer after the beginning of the school year and with written consent from both schools directly involved may be provided non-varsity opportunities for one calendar year (365 days beginning with first day of attendance at the new school).
- g. In the event of divorce or legal separation, whether pending or final, residence at the beginning of the school year shall determine eligibility for students entering 9th and/or 10th grade. In situations involving transfer after the sixth consecutive semester following entry into grade 9 the student is ineligible to compete for one calendar year, but may practice
- h. District policies with respect to intra-district transfer do not supersede WIAA transfer rules in situations involving post-4th semester transfers. Intra-district transfers occurring after the fourth consecutive semester following entry into grade 9 result in the student being ineligible for practice and competition for one calendar year (365 days beginning with first day of attendance at the new school).
- i. Unless transfer, including an accompanying change of parent(s) residence, is effective at the outset of a semester, a student cannot establish eligibility at his/her new school until the fifth calendar day of such transfer.
- j. If within the first four consecutive semesters following entry into grade 9, a student who transfers more than once in any given school year shall be ineligible for all interscholastic competition for the remainder of that current school year and will be eligible for non-varsity opportunities only for the balance of the calendar year. In situations involving transfer after the sixth consecutive semester following entry into grade 9 the student is ineligible to compete for one calendar year, but may practice.
- k. A student may not have eligibility in more than one member school at the same time. A parent or parents who move from a primary residence within one school's attendance boundaries, to a secondary residence within another school's attendance boundaries, may be required by the Board of Control to provide evidence of a total move.
- l. A student who transfers from any school, whether or not a member school, with a status of ineligibility for disciplinary reasons, academic reasons and/or as a result of another State Association's regulation or sanction, retains such status at his/her new school for the same period as decreed by the former school.
- m. No eligibility will be granted for a student whose residence within a school's attendance boundaries, with or without parents, or whose attendance at a school has been the result of undue influence (special consideration due to athletic ability or potential) on the part of any person, whether or not connected with the school.

PHYSICAL EXAMINATION and PARENT'S PERMISSION

A student-athlete whether an adult or not, must have written permission of parents to participate in school athletics and he/she must have a physical examination (signed by a licensed physician or advanced practice nurse prescriber) every other school year. **A physical examination taken April 1 and thereafter is valid for the following two school years. Physical examination taken before April 1 is valid only for the remainder of that school year and the following school year.**

TRAINING and CONDUCT

A student-athlete must follow his/her school's code of conduct (training rules) on a year-round basis.

- a. A student-athlete who violates his/her school's code of conduct during the season of a sport (start of practice to final game) must be suspended from competition for a period of time specified in the code (minimum of one meet) if the violation involves (a) possession and/or use of alcohol, (b) possession and/or use of tobacco, including chewing tobacco and (c) use, possession, buying or selling of controlled substances, street drugs and performance enhancing substances (PES).
- b. The member school will determine minimum penalties for violation of any other provisions of its code of conduct, including out of season offenses and for any other unacceptable conduct contrary to the ideals, principals and standards of the school and this Association including but not limited to criminal behavior.

- c. A student-athlete who violates his/her school's code of conduct at times other than during the actual season of a sport must be disciplined by the school, the nature of such discipline to be determined by the school as indicated in its code of conduct.
- d. A student-athlete who violates any part of the school or WIAA's code of conduct resulting in suspension of WIAA-sponsored tournament competition must be immediately declared ineligible for the remainder of tournament series in that sport. During the WIAA Tournament, an ineligible athlete may not suit up.
- e. A student-athlete, disqualified from a contest for flagrant or unsportsmanlike conduct, is also suspended from the next competitive event.
- f. Any player who in the judgement of the official, intentionally spits on, strikes, slaps, kicks, pushes or aggressively physically contacts and official at any tie shall be immediately ineligible for competition a minimum of 90 calendar days form the date of the confrontation. In addition, the player is ineligible to compete for the first 25% of the next season of the same sport.
- g. A school must provide an opportunity for the student to be heard prior to a penalty being enforced. If a student appeals a suspension, according to the schools appeal procedure, the student is ineligible during the appeal process.
