The Nekoosa Youth Athletic Board (Board) is committed to providing equal athletic opportunities for all student-athletes. Therefore, it is the policy of the Board that no person, on the basis of sex, race, religion, national origin, national ancestry, creed, pregnancy, marital or parental status, sexual orientation or physical, mental, emotional or learning disability, or handicap may be denied admission to any Board sponsored event or be denied participation in, be denied the benefits of, or be discriminated against in any recreational or other program or activity.

III. Purpose

The purpose of the Nekoosa Youth Athletics Co-Curricular Code of Conduct is to establish clear academic and behavioral expectations for students to follow if they choose to participate in co-curricular activities. Participation in co-curricular activities is a privilege, not a right.

IV. Co-Curricular Activities

Co-curricular activities are those voluntary activities that are sponsored by Nekoosa Youth Athletics.

Activities that are a required part of a course and contribute to a student's grade for the course are not considered co-curricular activities.

V. Academics

Students shall model academic excellence, recognizing achievement in the classroom is essential to achievement in the co-curricular pursuit.

Academic Eligibility:

1. Eligibility will be determined at four grading periods:
 - First quarter eligibility is determined by fourth quarter grades of the previous school year commencing with the first day of school of the new school year.
 - Second quarter eligibility is determined by the first quarter grades.
 - Third quarter eligibility is determined by the second quarter grades.
 - Fourth quarter eligibility is determined by the third quarter grades.
 - Eligibility concerning online or virtual classes is determined by the semester grade.
 - Routine grade checks will be conducted to determine ongoing eligibility.
 2. A student must maintain passing grades (60% D- or above) in all classes to remain eligible to participate in any co-curricular activity.
 - a. A student is not eligible to participate in any co-curricular activity for a period of 15 scheduled school (student contact) days or 21 calendar days, whichever period is shorter from the first day of practice of that sport with a minimum of 2 games ineligible.
 - b. A student who receives an Incomplete as a grade will be considered ineligible until it becomes a letter grade. If the grade turns into an F, the days already served for ineligibility will be counted towards the ineligibility period as stated above.
 3. To regain academic eligibility following a quarter F a student must earn passing grades in all subjects following the designated ineligibility period stated above, and turn in an academic eligibility check sheet. Eligibility forms can be picked up and turned into the school office. The Program Director shall be the school official that declares a student eligible.
 4. A student receiving one or more failures at the time of weekly grade checks is required to provide the Program Director a verification statement from all current teachers indicating acceptable work. If the student can't meet the eligibility requirement, he or she is ineligible from further competition until acceptable work in all classes is verified.
 5. The Program Director will notify a student who fails to meet the academic requirements of the NYA Co-Curricular Code.
- * It is highly recommended that each student work with his or her coaches, parents, and school administration during the first signs of academic struggles to avoid becoming academically ineligible.

VI. Attendance

Students will adhere to the attendance policy to promote best practices on a daily basis.

1. A student must be present for at least one/half of the school day (by the beginning of the period following lunch recess) to participate in practice on that day (unless approved by an administrator).
2. A student must be present for the entire school day to participate in a scheduled contest/event/performance/activity on that day (unless approved by an administrator).
3. Unless there are extenuating circumstances (as determined by an administrator), a student is required to be in class the day after an athletic contest, competition, event, or performance. If he or she is not in school, the student will be ineligible for the next contest.
4. Unexcused Absences:
An unexcused absence of one or more class periods during a sport season makes a student ineligible for the next contest unless there are extenuating circumstances (as determined by an administrator).

VII. Conduct

Students shall endeavor to display exceptional conduct, realizing demeanor is reflective of self, school, and community. Students need to know that participating in extracurricular activities is a privilege and not a right. Therefore, those representing NYA are held to a higher standard.

At all times, students shall refrain from conduct which violates the ideals, principles, and standards of NYA as set forth in this co-curricular code. Students violating the expectations may lose eligibility in co-curricular activities.
